REVIVAL MEETING BROUGHT TO CLOSE

One of the most successful revival meetings held in Dickson in several years, came to a close Wednesday evening, having been in progress eighteen days.

Evangelist Newton S. McClurkin, who conducted same, worked might and main for the conversion of lost souls, and delivered many very able and strong sermons during the series of meetings. Through these messages and from the influence of many of the Christian workers, a large number of souls were swept into God's kingdom, while many professed Christians were elevated to a higher, nobler and more useful life of Christian service.

These meetings were strictly non-sectarian, all of the different denominations, with probably one exception, uniting for the one cause, and the co-operation extended by the ministers of Dickson was felt. Through the loyalty of those who went to make up the choir and those who furnished special numbers, the song service from evening to evening was made to be indeed splendid, and aided greatly in attracting the large crowds which attended. The prayer-meetings held daily among the business men, women and children during the last week of the revival, assisted greatly in the outgrowth of the success attained.

Dr. McClurkin, wife and Miss Estes left tonight (Thursday) for a point in Missouri, where they begin a meeting Sunday, carrying with them the best wishes of their many friends in Dickson.

800 Children Between 6 and 21 years of Age.

Newt. H. Williams has completed taking the scholastic population of Dickson for the scholastic year of 1916-17. His report shows that there are 800 children between six and twenty-one years of age. Of this number, there are 332 white males, 348 white females, 63 colored males and 57 colored females—a total of 680 white and 120 colored children. Of this 800 children, 701 can read and write; 133 are between the ages of 6 and 8, 325 between 8 and 14, 114 between 14 and 16, 228 between 16 and 21. There are 335 heads of families—285 white and 50 colored.

Use Your Soil During Winter.

The loss that comes to many farms because they have no winter cover crops can be overcome and the soil improved if legumes are used. How to do this for the farm conditions of Tennessee is told in a new bulletin, fresh from the press, issued by the Division of Extension, College of Agriculture, Knoxville. Send to the Division if you are interested and receive this information without any cost to you. The bulletin is written by J. C. McAmis, who is specializing in the crops of Tennessee, and who has made a state-wide study of the subject.

Public Speaking.

H. C. Thompson, candidate for the Legislature, will speak at White Bluff, Saturday, at 1 p. m., and at Burns at 4 p. m. I have a live message to deliver. Turn out and hear it. I will divide time with my opponents.

RETURNS FROM ELECTION HELD IN COUNTY AUG. 3

Returns Shows Doty Elected Trustee by a Majority of 64 Over Hunt. Coleman Sheriff and Tatum Tax Assessor.

As we go to press (midnight Thursday) the unofficial returns in Thursday's election shows that Tom Coleman was re-elected Sheriff by a majority of 564 over Walton, who was his nearest opponent.

W. C. Doty was elected Trustee by a majority of 64 over Slayden Hunt, his nearest opponent.

With returns in from 13 out of 15 districts in the Tax Assessor's race, Tatum leads Taylor 85 votes.

The election, was one of the most interesting and hottest contested elections ever held in Dickson County, but to the credit of the many workers and to the honor of the county there was not a single fight or disturbance reported from any voting precinct.

The voters, by a large majority, expressed themselves in favor of a Constitutional Convention. The Dickson box on this question voted

228 for a Convention and 28 against.

In the Congressional primary, Padgett carried the county over Jones, though at the Dickson box Jones led Padgett by a vote of 220 to 137.

There was a larger vote polled in the general election than the politicians expected. In the Trustee race 3,032 votes were cast.

The total vote for the various candidates was as follows:

For Trustee—Doty, 916; Hunt, 852; Harris, 502; Cummins, 391; Russell, 271.

For Sheriff—Coleman, 1336; Walton, 772; Eubank, 657.

For Tax Assessor—Tatum, 811; Taylor, 726; Stuart, 582; Miles, 389; Foster, 90. In this race when going to press the first and tenth districts were still out.

In next week's issue, the Herald will publish the official and complete returns by Districts.

A number of our people visited Camp Bella Sunday. It is surprising and a great pleasure to see how rapidly Dr. Corbin is improving the place. A number of new patients have arrived.

Politics have nearly reached their ebb. Friday morning we will be able to count the wrecks on the shore.

Saturday morning our citizens were shocked to learn that a dead man was lying just west of the depot on the siding near the cattle chute. He had apparently been thrown from a passing train. An inquest was held, and investigation showed the man to be Robert Shelton of Corbin, Ky., aged about 24 years. The body was found at day-break by a train crew and was sent into Nashville on Train No. 1.

H. C. Cronkrite of Los Angeles, Cal., left for his home Monday after spending several weeks at Camp Bella. He said he was greatly pleased with the place and the treatment he had received while there, and would gladly recommend it to others.

Teachers' Meeting To Be Held in Dickson Aug. 12.

To the Public School Teachers:—

Our first pay-day and teachers meeting will be held at Dickson on Saturday, August 12th, 1916. It is hoped that every teacher will be present at this meeting. If you expect to make a successful teacher, it seems to me that you will be anxious to attend, as it is a foregone conclusion that every teacher who attends these meetings is benefited; so please come to this meeting, and bring your monthly report instead of mailing same to me at the end of the month.

Following is the program, and while the teachers placed on same have not been consulted, yet it is hoped that each one will be present and respond:

"Some Needed School Legislation," Prof. W. P. Morrison and Prof. W. A. White; "School Houses and Grounds," Prof. Bratton and Prof. C. J. Baker; "The Function of a County Supervisor," Miss Eva Luther.

The meeting will be held in the Dickson College School building, beginning at 9:30 a. m.

R. E. CORLEW, County Sup't.

"SAFETY FIRST" ON COMPANY CHECKS.

The "Safety First" campaign is being actively urged all over the system of the Nashville, Chattanooga & St. Louis Railway, and the management earnestly bespeaks the co-operation of the public generally in its effort to decrease accidents.

Recently, C. M. Anderson, superintendent of safety, conceived the idea of putting a safety-first slogan on the company's checks which are sent to the employees outside of Nashville. He found that the men were usually very attentive when they received their checks, and as a result every man who receives a check will be brought face to face with the safety-first movement twice a month. This month's checks will have printed on them "Think safety and help us prevent accidents." Next month's check will have another slogan, and so on.

Safety-first emblems have recently been placed on the locomotives of the heavier types, and every time an engine is sent to the shops for overhauling she will emerge with a safety-first emblem painted on her. In furtherance of the safety movement, bulletin boards have been placed at points where the men congregate, and from time to time the progress of the work is tabulated and posted for their instruction. Gradually, they are absorbing the spirit of safety, and the first bulletin was an open letter to all employees from President Peyton urging their hearty co-operation in the efforts of the management to prevent accidents. The new cabooses recently built at the company's shops also have the safety-first emblem painted on their sides.

The employees of the company have entered heartily into the movement, but the management realizes that this is only a part of the work. The co-operation of the public generally is sought in order that the number of accidents at railroad crossings, and the number of trespassers killed or injured may be reduced to a minimum.
